Highlights

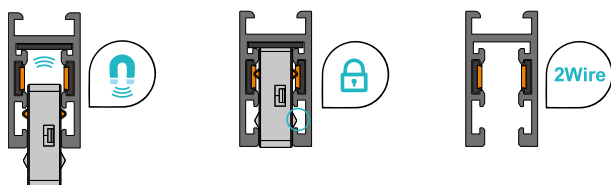

The TechoLED NANO Track System is the world's smallest track, with an aperture of just 0.2". The track has virtually unlimited capability to create shapes and patterns. It can be installed surface-mounted, mud-in recessed, and projecting. Light components, ranging from solid lensed and louvered to spots and cylinders, snap in and out magnetically by hand, without tools. It is the ultimate minimalistic lighting solution for any modern interior.

LED: Bridgelux LED Chips, 2700-5000K, 90+ CRI

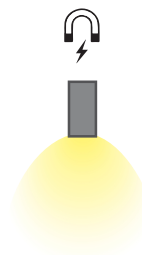

Optical: Direct illumination, 110° beam angle

Construction: High-grade aluminum extrusion, PC diffuser, powder coat finish, custom finishes available, 24V remote driver
